Message from the East

Brothers,

We're off to a good start thus far into 2018. We're working hard to making King Solomon's Lodge something all brothers can proudly call theirs.

We have newly formed committees and working groups focusing on Special Events (On the Rocks), Fundraising, Community Outreach, and Education. While the committees are working on these topics, we can use our regular Stated Communications more effectively. The committees will report out but we will not debate every committee decision in Lodge. This will free us up to have more Masonic discussions and work to improve ourselves while keeping our meetings to a reasonable length.

Our Stewards have been preparing some excellent meals for us. If you come for no other reason, come for dinner and you won't be disappointed.

I've instituted a new Beehive Night once a month for informal meetings of committees, ritual practice, and camaraderie. The building will be open and brothers will be around but there will be no formal dinner or meeting scheduled.

These are difficult times for our fraternity with dwindling membership numbers and fewer folks seeking to join our ranks. The last thing we want to do is drive a brother to leave with boring and unproductive meetings. By focusing on committee-driven work and offering alternatives to Wednesday meetings, I hope to engage more brothers and that will in turn feed off itself to help us grow.

I am focusing on improving our communication and record keeping. I'm experimenting with this new compact format for the Trestleboard to make it something manageable for mailing but offsetting that by regularly pushing much more information electronically so please be sure we have your email address and be sure to check out our website and Facebook pages.

I hope to see you in Lodge soon,
Bro. Richard Miska, 2018 Worshipful Master
